Good morning, Megan. Many thanks for the follow-up. I'm available on Wednesday, April 4th between 1:30 and 2:30 pm if that still works for Richard. Let me know what number I should call.

Best,
Joanne

Good morning Joanne,

This email serves as a follow-up to a voicemail I left earlier this morning.

We would be happy to schedule a time for you and Richard Yamada to speak this week over the phone. Wednesday, April 4th (after 1pm) or Thursday, April 5th are days when Richard has the most availability.

I have copied Nathan Gentry, Richard's scheduler, to help us find an appropriate time.

Best,
Megan Christian

Subject: Q: EPA & Secret Science Act

Hi Richard,
Hope all is well with you and you are more settled within ORD at EPA. We've been monitoring the prospect that EPA would implement a policy that reflects the legislation you worked on during your time at House Science regarding the Secret Science Reform Act.

If you have time to chat by phone, I'd welcome an opportunity to discuss. I have some practical questions if and when a policy would be introduced, and I thought you might be able to help. For example, how would a policy impact existing OMB/OIRA guidelines

and policies? Would it require public comment and be subject to rulemaking procedures?

I appreciate any insights. Thanks!

Best,

Joanne
